SUMMARY

Second-year B.Tech student with a self-built foundation in UI/UX design. Designed and shipped DSEN, a gig platform for college students, end-to-end from user research to high-fidelity prototype. Actively building in public through design content and case studies.

EDUCATION

Delhi Skill and Entrepreneurship University

B.Tech in Mechanical Engineering

New Delhi, India

August 2024 - June 2028

- CGPA: 8.5/10
- Relevant Coursework: Engineering Mechanics, CAD/CAM, Product Design and Development, Manufacturing Processes

TECHNICAL SKILLS

Design Tools: Figma

Video Editing: DaVinci Resolve

UX Skills: User Research, Information Architecture, Wireframing, Prototyping, Usability Thinking

Programming: HTML/CSS

Engineering: SolidWorks

Languages: English (Fluent), Hindi (Native)

PROJECTS

Delhi Students Economy Network (DSEN) | *Figma, Design Thinking*

September 2025 - December 2025

- Designed a mobile-first gig platform from scratch - conducted user research, defined problem scope, and built end-to-end flows for students and business owners.
- Mapped and iterated core user flows covering onboarding, gig creation, browsing, and task acceptance for two distinct user types.
- Reduced friction for non-technical users by introducing templated gig formats and AI-assisted input fields during gig creation.

Digital Content Creation (UX/UI Design) | *Instagram, LinkedIn*

November 2025 - Present

- Create and publish UX/UI case studies, design breakdowns, and Figma tutorials focused on practical usability improvements.
- Grew to 1.3k followers across platforms through consistent design communication; content has reached senior designers and industry professionals.

CERTIFICATIONS & EVENTS

Artificial Intelligence

Infosys - June 2025 - August 2025

International Space Drone Challenge 2025

SPROS - Completed: January 2025

Certificate of Recognition - DezShop (UX Virtual Workshop)

DezHub India - September 2025

EXTRACURRICULAR ACTIVITIES & LEADERSHIP

Aerospace Club Member | *Delhi Skill and Entrepreneurship University*

August 2024 - December 2024

- Took ownership of landing gear design within the team; handled modeling, material selection, and manufacturing coordination end-to-end.
- Built and delivered a competition-ready drone system; team ranked 6th at ISDC 2025 out of national-level entries.

National Cadet Corps (NCC) | *Army Public School Devlali*

2019 - 2020

- Earned NCC "A" Certificate with A+ grade; completed field training and attended Annual Training Camp.

Senior Sports Captain | *Army Public School Devlali*

2022 - 2023

- Managed planning and execution of inter-house sports events as Senior Sports Captain; coordinated across teams and faculty.
